Our Ref. : EA/2017/116/SECR/LM
Subject: Decision on MLA signatory status

Dear Colleague,

During its meeting held on 4-5 October 2017 in Bucharest, the MLA Council considered the outcome of the re-evaluation of LA.

Based on the evaluation report and the additional report provided by the TFG appointed to review the evaluation report, the MAC Members confirmed that LA fully complies with EA requirements and that sufficient confidence is gained with respect to the operational and technical performance of the accreditation activities covered under the EA-MLA.

The EA MAC confirms that LA remains an EA-MLA signatory in the fields of calibration, testing, inspection, product certification, management systems certification and certification of persons.

The EA confirms that LA complies with all relevant requirements to become a signatory to the EA MLA in the field of Medical Examinations according to ISO 15189.

The next re-evaluation visit will take place in 4 years after the original scheduled initial evaluation date.

Paulo Tavares
EA MAC Chair
